

i3FLOORSTAND Floor lift 02 on floor plate

VSV0005729

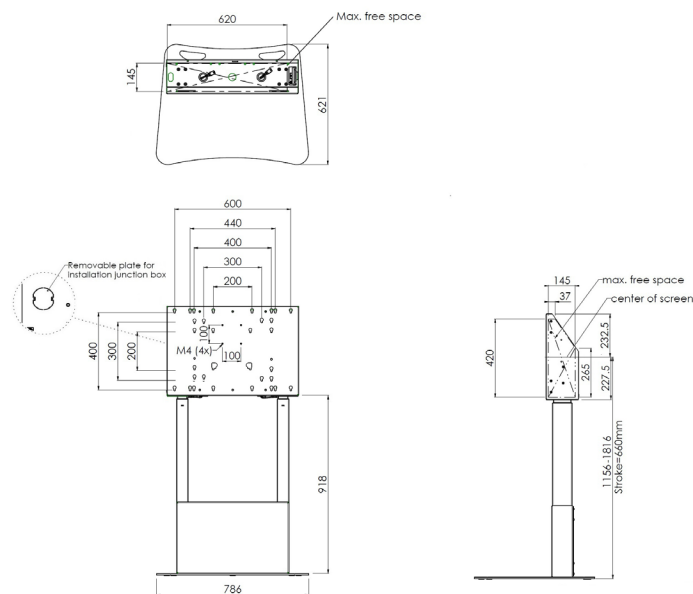

This i3FLOORSTAND can be installed quickly and easily, allowing electrical height adjustment of your i3TOUCH or other LCD screens. The lifts are fitted with a screen bracket containing most VESA patterns, making it suitable for almost every display. This unit features a weighted floorplate and does not need to be positioned close to a wall, but is a standalone floorlift.

The floor lift comes with a remote control to adjust the display 870 mm in height. Behind the mounting bracket, there is enough room for placing a mini PC. For seamless installation of a thin client PC a VESA 100 mounting pattern is included.

SPECIFICATIONS

Display Mount	VESA Flat Display Mounting Interface	VESA 100 x 100 VESA 200 x 200 VESA 300 x 300 VESA 400 x 200 (landscape + portrait) VESA 400 x 400 VESA 440 x 400 (landscape) VESA 600 x 400 (landscape)
	maximum display load	120 kilograms
	maximum display size	86 inch
Operation	height adjusting method	electrical lift
	height stroke	660 millimeters
	minimum height (center VESA interface)	1156 millimeters
	maximum height (center VESA interface)	1816 millimeters
Features	color	black
	storage space	620 x 145 x 265 millimeters
	storage cable entry	30 millimeters (diameter)
	weighted floor plate	421 x 620 millimeters
	other	mounting hole for electrical junction box
Installation	installation method	floor standing
	power input	220 Volt - 60 Hertz
	power consumption	standby: less than 1 Watt in operation: max 200 Watt (depending on load)
Physical Properties	net weight	67 kilograms
	packaged weight	70 kilograms
	packaged dimensions	755 x 555 x 230 millimeters
Regulatory	type approval	CE
